

To our valued customers

31. Januar 2023

ECCN (Export Control Classification Number)

Dear Sir or Madam,

The ECCN number is used to classify and declare goods that are subject to US export control law.

We hereby confirm that our products do not contain any raw materials or other products of US origin.

The origin and customs tariff number of the respective item are always shown on our export documents.

Best wishes,

Vogt AG Verbindungstechnik
