Long-Term Supplier Declaration

Dear Sir or Madam,

You have asked us for a Long-Term Supplier Declaration in accordance with Commission Implementing Regulation (EU) 2015/2447.

This supplier declaration concerns internal evidence within the European Union.

However, on the basis of the Free Trade Agreement between Switzerland and the European Union, only the EUR.1 or EUR-MED movement certificates and/or the declaration of origin on the invoice or the declaration of origin on the EUR-MED invoice are provided for international goods traffic and they can only ever refer to a specific delivery.

For all customers, including those in Switzerland, we indicate the country of origin using the customs tariff code.

Supplier declarations therefore cannot be used in international goods traffic between Switzerland and the European Union unless there is a legal basis.

For that reason, we are unable to issue you this kind of Long-Term Supplier Declaration.

If you have any questions, we will be happy to help.

Best wishes,

Vogt AG Verbindungstechnik
